## Statewide WIC Facts

- WIC served 48.2% of all infants born in Washington state
- WIC served 260,000 women and children  
**WIC provides nutritious foods, nutrition education, referrals and breastfeeding information.**
- WIC contributed \$94.5 million to local economies
- WIC attracted families to preventive health services  
**In 2003, more than 19,400 calls to the Healthy Mothers, Healthy Babies statewide referral line were from families calling for WIC.<sup>2</sup> With this one call, they got help finding WIC and also received information about other preventive health services.**
- WIC was a gateway to health-related services  
**Over 1.3 million times last year, WIC staff discussed these services with families and provided the information and support needed to access them successfully.**
- WIC breastfeeding rate reached 83.2%<sup>3</sup>  
**Breastfeeding support and education are key parts of WIC because breastfed children have fewer infections and are less likely to develop chronic conditions like obesity and diabetes later in life.**
